

MUHAIZIR MUHAMMED SHAH

About Me

Architecture graduate with practical experience in residential design, site supervision, technical documentation, and 3D visualization. Proficient in AutoCAD, SketchUp, Revit, and Enscape, with an interest in functional design and interior spaces. Eager to contribute to architectural projects, collaborate with design teams, and continue developing my professional skills.

Silver Hills Public School

Secondary Education
2018 - 2020
Auxilium Nava Jyoti Higher Secondary School

Bachelor of Architecture
2021 - 2026
Manipal School of Architecture & Planning

Experience

Sandarbh Design Studio 2024- 2025
Architecture firm in Bengaluru, Karnataka
Intern | 2 Months
Gained practical experience in site supervision and project coordination, overseeing workers and monitoring on-site activities to support smooth project execution. Assisted in managing day-to-day site operations and understanding construction processes in residential architectural projects.

Alora Design Studio 2025
Architecture firm in Bengaluru, Karnataka
Intern | 6 Months
Worked on architectural and interior design projects, preparing CAD drawings and developing 3D models and visualizations for interior and exterior spaces. Contributed to working drawings, design detailing, and material visualization, while participating in site visits to understand project execution and coordinate design requirements.
